

JT at a Glance

Japan Tobacco Inc. (JT) and its 33,400 employees are striving to become a “global growth company that develops diversified, value-creating businesses.” JT is the world’s third-largest tobacco company. Our domestic tobacco business continues to maintain a significant competitive position in the Japanese market, and the international tobacco business is delivering remarkable performance as the driver of profit growth for the JT Group. As future pillar businesses, the pharmaceutical business pursued strategic licensing to world-leading pharmaceutical companies, and the foods business continued to expand profit levels steadily.
