Highlights

2017 first quarter results (January-March)

- Core revenue at constant currency was stable as price/mix gains in several key markets offset the volume decline impact.
- Adjusted operating profit at constant currency grew 1.5% driven by price/mix gains and cost optimization, while investments in emerging markets and emerging products continued.
- On a reported basis, core revenue and adjusted operating profit declined 1.6% and 6.1%, respectively, due to currency fluctuations.
- Total shipment volume declined 2.9% primarily due to industry volume contraction in three out of four clusters, market share loss due to competitor driven price discounting in CIS+ and unfavorable trade inventory adjustments versus the same period last year.
- GFB shipment volume was stable but grew excluding inventory adjustments, driven by a strong performance momentum from Winston and Mevius. GFB mix in total shipment volume grew 1.7ppt to 72.0%.
- Year-on-year market share³ increased in the key markets of France, Italy, Spain and Taiwan. GFB market share grew in most key markets, including Russia and the UK.

Performance review

Core revenue and adjusted operating profit

2017 first quarter results (January-March)

Core revenue at constant currency was stable at US\$2,469 million, supported by a positive price/mix contribution of US\$58 million offsetting the volume decline impact.

Adjusted operating profit at constant currency increased 1.5% or US\$13 million to US\$875 million driven by a positive price/mix of US\$50 million and cost optimization, while investments in emerging markets and emerging products continued.

On a reported basis, core revenue and adjusted operating profit declined 1.6% and 6.1%, respectively, due to currency fluctuations.

Total shipment volume

Cluster	2017	2016	year
South & West Europe	15.9	17.0	-6.4%
North & Central Europe	12.5	13.2	-5.0%
CIS+	29.0	31.1	-6.7%
Rest-of-the-World	34.3	33.2	3.4%
Total JTI	91.7	94.4	-2.9%

2017 first quarter results (January-March)

Total shipment volume decreased 2.9% to 91.7 billion cigarette equivalent units. The positive volume momentum in the Rest-of-the-World cluster was insufficient to offset the industry volume contraction in other clusters, notably in the key markets of Italy, Russia, Spain and the UK, and trade inventory adjustments versus the same period last year. Fine cut shipment volume declined 5.1%, due to industry volume contraction in Benelux, Spain and the UK. Market share grew, notably in the key markets of France, Italy, Spain and Taiwan.

GFB shipment volume

(billions of units)	Jan-M	Change vs. prior	
Cluster	2017	2016	year
South & West Europe	14.3	15.2	-5.9%
North & Central Europe	7.7	8.0	-4.0%
CIS+	22.3	23.7	-6.2%

Total JTI	66.0	66.4	-0.5%

2017 first quarter results (January-March)

Rest-of-the-World grew GFB shipment volume 12.1%, driven by Iran, Korea and Taiwan. Despite this growth, GFB shipment volume declined 0.5% to 66.0 billion cigarette equivalent units due to industry volume contraction in a number of key markets, notably Italy, Russia, Spain and the UK. Excluding trade inventory adjustments, GFB shipment volume increased. Winston, Mevius and

Natural American Spirit delivered solid volume and share performance across several markets. GFB fine cut shipment volume declined 4.9%, primarily due to industry volume contraction in Benelux and Spain. GFBs represented 72.0% of total shipment volume, up 1.7ppt from last year.

Winston: Shipment volume grew 4.7% to 33.1 billion cigarette equivalent units, primarily driven by Brazil, Egypt, Iran, Kazakhstan, Russia, Taiwan and Ukraine.

Camel: Shipment volume declined 1.5% to 12.6 billion cigarette equivalent units, mainly due to industry volume contraction and unfavorable inventory movements in Italy offsetting growth in Brazil, Iran and the Philippines.

Mevius: Shipment volume increased 4.8% to 4.5 billion cigarette equivalent units driven by growth in Korea, Malaysia, Myanmar, Russia, South East Asia markets and Taiwan.

LD: Shipment volume decreased 11.9% to 9.9 billion cigarette equivalent units, primarily due to industry volume contraction and intense price competition in Russia and Ukraine offsetting growth in Kazakhstan, Poland and Taiwan.
